

## YANK DESERTERS ARE RETURNED TO TROOPS

Dressed as Germans and Engaged in Lootings Until They Are Caught.

**CODENZ**, May 3.—Two American soldiers who went ahead of the arms of occupation during its march against Rhine Prussia last December, donned German army uniforms and had a series of thrilling adventures after a court-martial recently were sentenced to 20 years at hard labor. The men, both privates, were charged with desertion in addition to eight other offenses connected with their run-away trip.

According to the testimony brought out at the court-martial, both men spoke a little German and after going ahead of the advancing troops fell in with a number of German soldiers, *soldiers*. The Germans had stolen a lot of food, wearing apparel and other articles of value and, witnesses said, induced the Americans to assist the Germans in rescuing the stolen property from the *enemy*.

**Police in Ambush.** The two privates, Frederick Beckman and Frank Richards, probably were the first Americans to enter Coblenz, as they were more than a week ahead of the schedule of the third army in its march toward the Rhine. It was in a suburb of Coblenz that the Germans had hidden their booty, in the basement of a German woman's home. Some was the public police heard of the theft and for several days and nights had guards watching for the thieves to appear to cart away their loot.

When two supposedly German soldiers appeared one night with sacks and started to pack up the articles and refused to heed repeated German commands, to "halt," the German policemen began to fire. One man fell, wounded in the arm, and the other, after a chase, was caught. When the two were taken to the German police station it was discovered they were Americans and they were held until officers of the American army arrived.

Under the circumstances, after an investigation the Americans decided not to file any charge against the German policeman who had shot Rightman.

### Vindictive Is Down to Stay.

**Dover, England**, May 3.—Latest advices from Ostend indicate that the plan to bring the famous old cruiser Vindictive to England may have to be abandoned. The Vindictive, sunk by the British to block up Ostend harbor, is said to have suffered such strains in the salvaging operations that the hull is on the point of breaking up.

### To Walk on American Legs.

**ULTRALIA**, May 3.—The numerous crippled soldiers of Siberia are to be provided with American-made artificial limbs, according to an arrangement made by the American Red Cross mission to the Balkans. A plant for the manufacture of artificial limbs established by the American Red Cross is now operating in Belgrade.

## SHE COULDN'T GET UP WITHOUT HELP

Mrs. Williams Was So Crippled Up With Rheumatism She Could Hardly Move.

"Tania helped me right up out of bed after everything else failed and if I hadn't taken it when I did I believe I would be lying there yet," said Mrs. G. Williams of 116 South Maybell street, Tulsa, Okla.

I was in a terrible rundown condition for the last six months," she explained, "and my sufferings from indigestion and rheumatism were something awful. I had to be particular about what I ate for nearly everything disagreed with me and gas and farts from sour undigested food and bloated me so I was miserable. I got thin and weak and fell off to less than a hundred pounds and rheumatism gave me much pain I couldn't get out of bed without help and then I couldn't hardly stand on my feet. My arms and lower limbs hurt all the time and many a night I couldn't get an hour's sleep. My nerves were all unstrung and I was so worn out I had to take my feet off at times. I was so weak I couldn't move without someone helping me."

"One of my neighbors told me about Tania and I decided to try her. I have no taken seven bottles and am now chased, I feel much better, I'm walking again. I have been feeling splendid for several weeks now and haven't had a pain to speak of. My appetite is good and I can eat most anything I want without it hurting me. My nerves are in good shape. I sleep like a child and get up in the morning feeling fine. I know just what it has done for me and I know what it has done for me each day."

Tania is sold in Tulsa by Quaker Drug Company, Puritan Drug Company and the leading druggists in practically every city, town and village in America.—Adv.

## A Simple Way to Remove Dandruff

There is one sure way that has failed to remove dandruff at once and that is to dissolve it, then dry it entirely. To do this, just get a few drops of plain common liquid soap from your drug store, stir it all you need, apply it at night when retiring, rub it gently on the scalp and rub it gently with the finger tips.

After morning, most if not all, of the dandruff will be gone and three or four applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

And there is the second episode of Ruth Holland's fine serial, "The Tiger's Trail." It is providing the best serial and the most intense excitement the Empire has ever seen.

Special attention is called by the management to the schedule of today's three shows. "The Tiger's Trail" at this afternoon's matinee begins promptly at 2:15 and at tonight's shows at 7:15 and 9. Vaudeville at 7:45 and 9:15.

Because of the exceptional program offered, both night shows are selling so rapidly that the management advises all who can possibly do so to attend this afternoon's matinee.

## ROTARY'S RECORD IN DISEASE ERADICATION

The Rotary clubs in the United States won an enviable reputation this week by raising over half a hundred committees to actively prosecute the campaign for the eradication of venereal diseases in co-operation with the United States public health service. Within another month it is expected, the greater number of the 400 clubs in America will be in the fight.

It has been impossible, so far, to reach all of the clubs, but every organization appealed to was quick to realize the necessity of eliminating one of the greatest menaces to public health, purely from a standpoint of efficiency in business.

Fifty-one clubs appointed committees to launch clean-up campaigns in their cities and states. They began the fight by pointing out to manufacturing and business interests the loss in plant efficiency and money as a result of the prevalence of the disease among the employees.

The larger plants were urged to immediately open free clinics for the treatment of their laborers, and the smaller plants were asked to pay their interests and support community clinics. As the chairman of the Rotary club committee was invariably one of the city's most reliable physicians, and representative business men were on the committee, the industry was quickly convinced. A surprising, remarkable progress has been made.

Among the more interesting developments of the week was a report from the Joplin, Mo., club saying it had adopted the work of the public health service as its big job for the coming year. The Salt Lake City, Utah, club has adopted a resolution and sent it to the legislature, asking that an appropriation be made to clean up the state.

## New Temperance Movement.

**LONDON**, May 3.—(Oly. Mail)—What is expected to become an important temperance movement started a meeting in the Mansion House this week. The Rev. secretary of the National Temperance League, in outlining the plan, said it was proposed to circulate literature and to hold public meetings in the principal towns which the lord mayors would be asked to convene and support.

## BOLSHEVISTS PLAN TO BUILD A RAILROAD

Norwegian Capital Induced to Back the Enterprise for a Sop to North Russia.

**CHRISTIANIA**, April 2.—(By mail)—A concession for constructing a railway 2,000 miles long has been granted "in principle" by the Bolshevik government of Russia to a financial group headed by Edward Hannevag, a Norwegian, says a Norwegian lawyer, M. Puntervald, who recently returned from Russia.

The proposed railway is to extend from the Ob river in the Novosibirsk government, via Koltka to Petermank, Murmansk and Archangel. It is said to include the right of utilizing 22,000 square miles of forest land through which the railway is to be constructed, mining rights along the railway and the opening of banks at the railway stations and towns near the line.

According to M. Puntervald, the terms granted are far more favorable to capitalists than might have been expected from the most conservative government in Norway. The newspaper *Tidens Tegn*, commenting upon the concession, says: "It is a proof that Lenin's government is finding it necessary to create a new capitalism in encourage the economic life of northern Russia."

## Scotti Grand Opera Co.—Auspices Hyechka Club—Convention Hall—May 8 and 9—Tickets Now on Sale

7. Troika ..... Coryphées ..... Suppe

8. Rhapsodic Honeymoon ..... Albertina Rasch ..... Lanz

All Dances Produced and Arranged by ALBERTINA RASCH

M. SALVATI, Musical Director

LEO DE VALERY ..... General Manager for Albertina Rasch

Albertina Rasch is unquestionably the greatest dancer that ever visited Tulsa. When she entered vaudeville at the beginning of the season, the New York press declared it was one of the highest compliments the vaudeville stage ever had paid it.

Miss Rasch appeared in Tulsa two years ago with the great opera company headed by Geraldine Farrar, Cavalieri, Muraoka and others, and many Tulsaans who saw her then will be eager to see her again.

So great is her reputation as an artist that she not only held the place of premire ballerina with the New York Metropolitan Opera for a number of seasons, but when Sarah Bernhardt visited America Miss Rasch accompanied her and was given an ovation that almost rivaled that of the incomparable Bernhardt herself.

Another unusually fine act on today's bill is Jack Wyatt's Ten Scotch Lads and Lassies, and if you have seen them, you know they are worth seeing. They are the best and the most popular Scotch Lads and Lassies in the country.

Another great act is the famous "The Man Jiff the Ice Wagon" from the famous Orpheum act on the bill in "The Man Jiff the Ice Wagon" and "The Jazz Novelty Man" and Keane & Walsh, a singing and talking team, are the other acts.

And there is the second episode of Ruth Holland's fine serial, "The Tiger's Trail." It is providing the best serial and the most intense excitement the Empire has ever seen.

Special attention is called by the management to the schedule of today's three shows. "The Tiger's Trail" at this afternoon's matinee begins promptly at 2:15 and at tonight's shows at 7:15 and 9. Vaudeville at 7:45 and 9:15.

Because of the exceptional program offered, both night shows are selling so rapidly that the management advises all who can possibly do so to attend this afternoon's matinee.
